About Us

Atharv Projects and Engineering is a service-oriented company providing professional solutions across various sectors. Founded in 2025, we have built a strong reputation for reliability, efficiency, and customer satisfaction. We are committed to delivering quality services that meet industry standards and client expectations.

Vision

To be a leading service provider known for excellence, innovation, and customer-centricity.

Mission

- To deliver high-quality and timely services.
- To maintain long-term relationships with clients based on trust and performance.
- To continuously upgrade our resources and technologies to meet evolving market demands.

Our Services

- Project Management Services
- Manpower Supply & Deployment
- Operation & Maintenance Services
- Electrical Construction Work

**Add:- C/o Preetam Rana, Plot in KH. No. 49/1, First Floor Right Side Flat No. 102

M/s. ATHARV PROJECTS AND ENGINEERING

Deals in :- Pipeline Maintenance, Cathodic Protection, Electrical and Civil Works

GST: 07FUQPS4595R1Z2

- Instrumentation Construction Work
- Renovation & Remodelling Services

A- Project Management Services

We specialize in managing complex projects from initiation to completion. Our experts ensure every stage—planning, execution, monitoring, and closure—is aligned with client objectives.

- Comprehensive project planning & scheduling
- Cost control & budget management
- Risk assessment & mitigation strategies
- On-site supervision and progress tracking
- Timely delivery with quality assurance

B- Manpower Supply & Deployment

APE provides highly skilled, semi-skilled, and unskilled manpower for short-term and long-term projects. We have a robust recruitment and mobilization process to ensure the right talent is deployed at the right place.

- Technical & non-technical workforce
- Experienced professionals for engineering, operations & maintenance
- Quick mobilization across India
- Compliance with labour laws & statutory requirements

C-Operation & Maintenance Services

1. Oil & Gas Pipelines

We provide specialized O&M services for cross-country oil and gas pipelines, city gas distribution networks, and associated facilities.

Key Services:

- Routine and preventive maintenance of pipeline infrastructure.

Add:- C/o Preetam Rana, Plot in KH. No. 49/1, First Floor Right Side Flat No. 102
Saini Mohalla Bijwasan New Delhi-110061

M/s. ATHARV PROJECTS AND ENGINEERING

Deals in :- Pipeline Maintenance, Cathodic Protection, Electrical and Civil Works

GST: 07FUQPS4595R1Z2

- Cathodic protection monitoring and rectifier maintenance.
- Supervising and executing hot-tapping, sleeve welding, and leakage rectification works.
- Pigging operations (cleaning, gauging, intelligent pigging support).
- SCADA system monitoring and emergency response services.
- Operation of pumping and compressor stations.
- Safety audits and compliance with PNGRB, OISD, and statutory norms.

2. Power Sector – Thermal Plants

We undertake complete O&M responsibilities for thermal power plants (coal, gas, and biomass based).

Key Services:

- Operation of boilers, turbines, and generators (BTG).
- Preventive and breakdown maintenance of electrical, mechanical, and instrumentation systems.
- Cooling towers, ash handling, and coal handling system operation.
- Condition monitoring, vibration analysis, and performance optimization.
- Compliance with environmental emission norms.
- Annual Maintenance Contracts (AMC) for rotating and static equipment.

3. Power Sector – Renewable Energy

We provide O&M solutions for solar, wind, and hybrid renewable projects.

Key Services:

- Solar PV plant O&M (module cleaning, inverter servicing, transformer maintenance).

**Add:- C/o Preetam Rana, Plot in KH. No. 49/1, First Floor Right Side Flat No. 102
Saini Mohalla Bijwasan New Delhi-110061**

M/s. ATHARV PROJECTS AND ENGINEERING

Deals in :- Pipeline Maintenance, Cathodic Protection, Electrical and Civil Works

GST: 07FUQPS4595R1Z2

- Remote monitoring, SCADA operation, and energy yield analysis.
- Preventive and corrective maintenance for wind turbines.
- Grid synchronization and power evacuation monitoring.
- Performance ratio (PR) improvement and efficiency optimization.
- Reporting, documentation, and statutory compliance

D. Electrical Construction Work

Electrical construction involves installing power systems, lighting, and control wiring. Key activities include:

a) Power Distribution

- Installation of **cables, cable trays, and conduits.**
- Erection of **transformers, switchgears, and distribution panels.**
- **Earthing and grounding systems** for safety.
- Laying **high voltage (HV) and low voltage (LV) lines.**

b) Lighting & Small Power

- Street and area lighting for plants.
- Internal and external **lighting systems.**
- **Sockets, plugs, and other small power points.**

c) Equipment Wiring

- Connection of **motors, pumps, and generators.**
- Installation of **motor control centers (MCCs).**
- Power supply to **heaters, fans, and compressors.**

d) Testing & Commissioning

Add:- C/o Preetam Rana, Plot in KH. No. 49/1, First Floor Right Side Flat No. 102
Saini Mohalla Bijwsan New Delhi-110061

Contact: 9671040535

Email: atharvprojects2025@gmail.com

- Insulation resistance testing of cables.
- Continuity checks.
- Testing switchgears and protective devices.

E. Instrumentation Construction Work

Instrumentation involves **measuring, controlling, and monitoring process variables** such as temperature, pressure, flow, and level.

a) Instrument Installation

- Mounting **sensors, transmitters, and gauges**.
- Installing **control valves and actuators**.
- Laying **instrument cables** in trays or conduits.

b) Loop Checking & Calibration

- Checking **signal transmission from field instruments to control panels**.
- Calibrating **pressure transmitters, flow meters, and temperature sensors**.
- Functional tests for **alarms and interlocks**.

c) Control Systems

- Installation of **PLCs (Programmable Logic Controllers) and DCS (Distributed Control Systems)**.
- Wiring **I/O modules**.
- Interfacing instruments with control systems for **monitoring and control**.

d) Testing & Commissioning

- **Loop checking** of each instrument.
- **Signal verification** (4–20 mA, HART, digital protocols).
- Functional tests of **control valves, actuators, and alarms**.

F. Safety & Compliance

- Compliance with **IEC, NEC, or local electrical standards.**
- Use of **PPE (personal protective equipment).**
- **Hot work permits** for welding or cable jointing near electrical equipment.
- Documentation of all **as-built drawings and datasheets.**

F. Renovation & Remodelling Services

We specialize in **residential, commercial, and industrial renovation projects**, delivering high-quality, timely, and safe solutions. Our team combines technical expertise with creative design to transform spaces efficiently.

1. Structural Renovation

- Wall, ceiling, and floor repairs
- Foundation strengthening and beam/column repair
- Masonry and concrete restoration

2. Interior Renovation

- Painting, wall finishes, and decorative work
- False ceilings and partitions
- Flooring: tiles, wood, laminate, vinyl, epoxy

3. Electrical & Lighting

- Wiring, switches, sockets, and panel upgrades
- LED, energy-efficient, and smart lighting solutions
- Automation and safety devices

4. Plumbing & Sanitation

- Pipe and fixture replacement

M/s. ATHARV PROJECTS AND ENGINEERING

Deals in :- Pipeline Maintenance, Cathodic Protection, Electrical and Civil Works

GST: 07FUQPS4595R1Z2

- Bathroom and kitchen remodelling
- Leak repairs and water-saving installations

5. HVAC & Mechanical

- Air conditioning, ventilation, and heating system upgrades
- Ductwork and mechanical utilities maintenance

6. Exterior & Facade

- Painting, cladding, and waterproofing
- Terrace and balcony repairs
- Landscaping and outdoor improvements

Our Process

1. Site Inspection & Assessment
2. Planning & Design with 2D/3D Visualization
3. Material Procurement & Budgeting
4. Execution & Project Management
5. Quality Checks & Safety Compliance
6. Handover & Client Approval

Our Products

Cathodic Protection

- Portable Half Cell
- Permanent Half cell
- Solid State Devices
-

Fabrication

- Type A TLP

Add:- C/o Preetam Rana, Plot in KH. No. 49/1, First Floor Right Side Flat No. 102
Saini Mohalla Bijwsan New Delhi-110061

M/s. ATHARV PROJECTS AND ENGINEERING

Deals in :- Pipeline Maintenance, Cathodic Protection, Electrical and Civil Works

GST: 07FUQPS4595R1Z2

- RoU Facilities for Pipeline

All Industrial Electrical Equipment like

1. Electrical LT Panel
2. Switch gear
3. Cables e.t.c

Major Projects Handled

1. Manpower Deployment for Pipeline Projects – IOCL
2. O&M Services for Pipeline Projects – IOCL

Why Choose Us

- Experienced and professional workforce
- Adherence to deadlines and quality benchmarks
- Flexible and scalable services
- Strong client relationships
- Nationwide presence and rapid mobilization

Certifications & Compliance

- GST Registered
- MSME Certified
- Labour License Holder
- ISO 9001, ISO 14001 & ISO 45001 (If applicable)
